Re Minute No. 7

Dear Sir Terence and Sir Geoffrey,

I write concerning Minute No. 7.

I am grateful for you addressing the concerns of my source in advance of your Ruling No. 1. This is very helpful and means that the person will be equipped to make a decision about participating in the Inquiry.

I have spent recent days trying to make contact with the person, which is not a straight forward matter. I had hoped to have a positive answer and be able to pass on the name and contacts by today, Friday 14 December 2018. For reasons beyond my control, I request an extension of the time for another week.

I wish to stress that my relaying of the conditions is in no way wanting to be unhelpful to the process. Please understand that I am acting as a go-between, trying to facilitate the appearance of someone who is uncertain about participating.

Yours sincerely,

Nicky Hager
