

PSR(S)2, PSR(S)3

This document specifies the intelligence support needed before action is taken against TF-81 high-priority target. Each target is listed, along with a short summary of the reasons for the inclusion on the list and details about required intelligence support. These details include the types and purpose of intelligence support required, any known location for the target, the timeline for support and references to other relevant documentation. This includes an entry for OBJ MORE COWBELL- Musa KHAN
