Hi PSR(sen)1

Attached is an IO message. Please disregard the note from my A/S2 re what we would like in this matter, this is not the case. We have prepared this for you and your team. If you feel it appropriate then you are welcome to do with it what you will.

Regards

PSR(sen)1

PSR(sen)1\_P

This is the IO message that we would like transmitted.  
If you can get this to the radio station in Bamian as soon as possible To start countering the TB IO already circulating.  
I have forwarded this to SOFFC fro dissemination to other agencies for transmission.

PSR(sen)1\_PSR
